Employee Hire- Winter Intern for H2Ohio

We currently have funding set aside for temporary help in the current budget. We set aside enough for a full year 20 hours per week at \$25 per hour.

We propose hiring a college student as an intern to be hired as an intermittent employee (part time no more than 38 hrs per week, in a range from \$15-25 per hour) to help fulfill our H2Ohio obligations before the deadline at the end of the year.
